

## Handbook of Research on Cluster Theory (Paperback)

Filesize: 8.51 MB

### *Reviews*

*It is an awesome ebook which i actually have at any time read through. It usually fails to charge excessive. It is extremely difficult to leave it before concluding, once you begin to read the book.*

*(Dario Murazik IV)*

## HANDBOOK OF RESEARCH ON CLUSTER THEORY (PAPERBACK)

[DOWNLOAD](#)

Edward Elgar Publishing Ltd, United Kingdom, 2010. Paperback. Condition: New. Language: English. Brand new Book. Clusters have increasingly dominated local and regional development policies in recent decades and the growing intellectual and political interest for clusters and clustering is the prime motivation for this Handbook. Charlie Karlsson unites leading experts to present a thorough overview of economic cluster research. Topics explored include agglomeration and cluster theory, methods for analysing clusters, clustering in different spatial contexts and clustering in service industries. Encompassing the developed economies of Europe and North America, the Handbook provides a basis for improving cluster policy formulation, interpretation and analyses. This comprehensive overview of research on economic clusters will be of interest to scholars and PhD students in (regional) economics, economic geography, regional planning and management as well as practitioners and policymakers at the national, regional and local levels involved in cluster formation and cluster management.
